CASHLESS DINING

At Immaculate Heart Academy, paying for breakfast, lunch and snacks is easier than ever. In addition to cash purchases, we partner with the PaySchools Central for cashless system designed to give parents and students flexibility in payment.

Students do not have to bring cash to school each day but instead, will be able to pay using their IHA ID card. When you set up the account, you will be able to set a minimum balance threshold for automatic replenishment. Once the balance drops below your threshold, the system will automatically fund the account with the amount you have set (\$50 minimum). You will receive an email notification of this transaction.

In addition, you will be able to see how the money is spent, not just by amount, but by what is being purchased.

There is no limit to how many times a student may use the card in one day, just a sufficient balance.

WE ACCEPT BOTH CASH AND CHECK AT THE REGISTER TO FUND STUDENTS' ACCOUNTS*

*** There is no fee for funding at the register.**

*** Please make checks payable to Elinor CTY.**

HOW TO REGISTER

Step 1 Go to payschoolscentral.com. Click on Create New Guardian Account. Using the pull-down menu, find Immaculate Heart under "district" and fill in the rest of the information. Be sure to use *your* name, not the student's.

Step 2 You can deposit funds into your child's account at any time with a credit card or check. Visa, MasterCard, or electronic checks are accepted. Note: there is a 4.75% convenience fee for using credit cards. For payment by e-check, there is a service charge of \$1.75 per transaction.

Step 3 Enter your user information (again your name, not the student's). After you press "Create Account" you will receive an email and directions for activation.

Step 4 This is the individual registration for your student or students. Each participating student will use their regular IHA ID to make purchases in the school cafeteria.

If you wish to change your email and/or password at any time, you may do so by selecting the link on the website.

Participating families may view their account balances online at any time and will automatically receive monthly balance statements via email.

End of year remaining balances will be rolled over to the next school year.
